### **Positive Paths Information**

**Positive Paths is determined to aide in the advancement of women in our communities by providing strong mentorship opportunities, scholarship, and supportive services.**

Women are often trying to master the balance of professional advancement and caregiving for their family. Circumstances such as poverty, domestic violence, extreme challenges with children, death or illness of a spouse are prevalent in far too many women's lives. Positive Paths is committed to providing tools for professional development to women in need. These tools are used on their "positive path" to empowerment and success.

Positive Paths exists to support East Valley women in need by providing a life-bridge to economic stability, personal growth and professional achievement. We do this through mentoring programs, scholarships with individual mentors, and supportive services. We impact women's lives by helping them build more sustainable, self-reliant futures for themselves and their families.

**Positive Paths has assisted 63 amazing East Valley women with mentorship and scholarships. This support has changed their lives, and the future of their children.**

Our scholars and mentees are becoming nurses, doctors, lawyers, engineers, teachers and contributing members of our communities. These women are grateful that someone believes in them and will assist and support them as they help themselves and their families.

Our fundraising efforts allow us to provide scholarships for education and training programs, and support the coordination of our mentoring programs. All of our mentors are volunteers, donating their time and expertise to assist our scholars and mentees. We collaborate with key nonprofit organizations that assist women in other ways, so we are not duplicating resources or competing with existing services — rather we contribute to the East Valley's collective network of community support.

Through your generosity, the funds raised at our annual gala allow us to continue to support women. We believe that when you assist women, you help entire families and strengthen communities.

**Thank you** in advance for your consideration.
