Positive Paths

Positive Paths promotes the advancement of East Valley women in need by providing mentorship, scholarships, and supportive services---life bridges to economic stability, personal growth, and professional achievement.

Positive Paths walks with women on their “positive paths” to empowerment and success. We invite you to join us on that journey. Through the support and generosity of our community, we can continue our vital work.

Your donations make a significant difference by providing education and training scholarships and our one-on-one professional mentoring program. We have assisted more than 137 amazing women through our signature Scholarship and Mentoring Program. Our scholars and mentees are becoming nurses, doctors, lawyers, engineers, teachers, and contributing members of our communities.

Your support can change women’ lives, and their children’s futures. Through your generosity, the funds raised at the 5th Annual Golf & Dinner Fundraiser allow us to continue our programs. We believe that when you assist women, you help entire families and strengthen our communities.

Thank you in advance for your consideration.
